

MERIDIAN HEALTH PLAN VALUE-BASED CARE PROVIDER AGREEMENT

Contract No.: MHP-VBC-2026-0047

Contract Period: January 1, 2026 - December 31, 2026

PAYER	PROVIDER GROUP
Meridian Health Plan, Inc. 1200 Meridian Plaza, Suite 900 Hartford, CT 06103 FEIN: 06-1234567 License No.: CT-HMO-2019-0088	Riverside Medical Group, LLC 88 Riverside Drive, Suite 300 New Haven, CT 06510 NPI: 1234567890 TIN: 20-9876543

RECITALS

WHEREAS, Meridian Health Plan, Inc. (the Plan) is a licensed health maintenance organization operating under the laws of the State of Connecticut, providing comprehensive health coverage to enrolled members (Members) across commercial, Medicare Advantage, and Medicaid managed care product lines; and

WHEREAS, Riverside Medical Group, LLC (Provider Group) is a multi-specialty physician organization duly licensed to practice medicine in the State of Connecticut, operating primary care and specialty services at the address set forth above; and

WHEREAS, the parties desire to enter into a value-based care arrangement whereby the Provider Group assumes shared accountability for the quality, efficiency, and clinical outcomes of care delivered to the attributed Member panel, in exchange for performance-based financial incentives as described herein;

NOW, THEREFORE, in consideration of the mutual covenants, representations, and obligations contained herein, and for other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the parties agree as follows:

ARTICLE 1 -- DEFINITIONS

- 1.1 **"Agreement"** means this Value-Based Care Provider Agreement, together with all Exhibits, Schedules, and amendments attached hereto or incorporated by reference.
- 1.2 **"Attributed Members"** means those Members assigned to Provider Group's panel by the Plan's attribution methodology in effect as of the first day of each Performance Year, as may be updated on a quarterly basis pursuant to Section 5.3.
- 1.3 **"Base Payments"** means the aggregate fee-for-service reimbursements payable to Provider Group under the Plan's standard fee schedule for services rendered to Attributed Members during the Performance Year, prior to any Quality Withhold adjustment.
- 1.4 **"HEDIS"** means the Healthcare Effectiveness Data and Information Set, as published and updated from time to time by the National Committee for Quality Assurance (NCQA). Unless otherwise specified, references to HEDIS in this Agreement shall mean the HEDIS 2025 Technical Specifications.
- 1.5 **"Measurement Period"** means, unless a specific measure specifies otherwise, the calendar year coinciding with the Performance Year (January 1, 2026 through December 31, 2026).
- 1.6 **"Performance Year"** means the period January 1, 2026 through December 31, 2026.
- 1.7 **"Quality Withhold"** means the portion of Base Payments held in reserve by the Plan and subject to return upon Provider Group's achievement of Quality Withhold Threshold, as defined in Article 4.

- 1.8 **"Tiered Incentive Bonus"** means an incremental financial payment earned by Provider Group upon attaining a specified performance threshold for a designated quality measure, where multiple thresholds yield progressively higher payment amounts.

ARTICLE 2 -- QUALITY WITHHOLD MECHANISM

2.1 Withhold Amount. Effective January 1, 2026, the Plan shall withhold eight percent (8%) of all Base Payments otherwise payable to Provider Group during the Performance Year (the "Quality Withhold Amount"). The Quality Withhold Amount shall be calculated on a rolling monthly basis and held in a designated reserve account maintained by the Plan.

2.2 Withhold Pool Measures. The Quality Withhold is tied exclusively to the following quality measures (the "Withhold Pool"), which are defined in full in Article 3:

Measure ID	Measure Name	Section
HTN-BP-01	Hypertension: Blood Pressure Control	3.2
DM-COMP-01	Diabetes Composite: A1C Control + Annual Eye Exam	3.3
CBP-REF-01	Controlling High Blood Pressure (HEDIS CBP)	3.5
PREV-COL-01	Colorectal Cancer Screening	3.6
MED-REC-01	Medication Reconciliation Post-Discharge	3.7

2.3 Return of Withheld Funds -- Quality Withhold Threshold. At the conclusion of the Performance Year, the Plan shall return the full Quality Withhold Amount to Provider Group if Provider Group has achieved performance at or above the applicable minimum performance threshold for at least seventy-five percent (75%) of the Withhold Pool Measures listed in Section 2.2 (the "Quality Withhold Threshold"). For the avoidance of doubt, the Quality Withhold Threshold requires attainment on no fewer than four (4) of the five (5) Withhold Pool Measures. Performance shall be assessed using final, adjudicated claims data with a run-out period ending ninety (90) days after the close of the Performance Year.

2.4 Partial Return. If Provider Group achieves the applicable minimum performance threshold on fewer than 75% but at least 60% of Withhold Pool Measures, the Plan shall return fifty percent (50%) of the Quality Withhold Amount. No portion of the Quality Withhold Amount shall be returned if fewer than 60% of Withhold Pool Measures are attained.

2.5 Interaction with Tiered Incentive Bonuses. The Quality Withhold and Tiered Incentive Bonuses described in Article 3 are calculated independently. Attainment of a Tiered Incentive Bonus does not satisfy the Quality Withhold Threshold requirement, nor does failure to earn a Tiered Incentive Bonus reduce the Withhold Pool performance calculation.

ARTICLE 3 -- QUALITY PERFORMANCE MEASURES AND FINANCIAL INCENTIVES

The following sections set forth each quality measure, applicable performance target(s), and associated financial incentive. Where a measure is designated as part of the Withhold Pool (Section 2.2), the minimum performance threshold stated herein shall serve as the qualifying threshold for Quality Withhold Threshold purposes.

3.1 Adult BMI Assessment -- Tiered Incentive Bonus

Provider Group shall ensure that adult Members (ages 18-74) within the Attributed panel receive body mass index (BMI) screening and follow-up counseling consistent with evidence-based guidelines. Performance shall be measured as the percentage of eligible Members with a documented BMI value and, where clinically indicated, a corresponding follow-up plan, during the Measurement Period.

Performance Targets and Tiered Incentive Bonus Schedule -- Adult BMI Assessment:

Tier	Performance Threshold	Incentive Bonus	Withhold Pool
Tier 1	Rate $\geq$ 70% of eligible Members	\$50,000	No
Tier 2	Rate $\geq$ 80% of eligible Members	\$120,000	No
Tier 3	Rate $\geq$ 90% of eligible Members	\$200,000	No

Tiers are mutually exclusive. Provider Group shall earn the bonus corresponding to the single highest tier attained. Tiers are not cumulative. The BMI Assessment measure is **not** included in the Quality Withhold Pool.

3.2 Hypertension: Blood Pressure Control (HTN-BP-01)

For Members with a diagnosis of essential hypertension (ICD-10: I10) who are 18-85 years of age and continuously enrolled for at least eleven (11) of the twelve (12) months of the Measurement Period, Provider Group shall ensure that blood pressure is adequately controlled. For purposes of this Agreement, blood pressure is deemed controlled when the most recent recorded systolic reading should be maintained below 140 mmHg AND the most recent recorded diastolic reading must not exceed 90 mmHg, as documented in the electronic health record during the Measurement Period. **The Measurement Period for this measure is a rolling twelve (12) months ending on the last day of the Performance Year**, rather than a fixed calendar year, to account for patients enrolled mid-year.

The denominator shall consist of all Attributed Members meeting the eligibility criteria above. The numerator shall consist of those denominator Members for whom the most recently documented blood pressure reading, taken on any date within the rolling twelve-month window, reflects values meeting both the systolic and diastolic thresholds set forth above.

Performance Targets -- HTN-BP-01 (Withhold Pool Measure):

Tier	Performance Threshold	Incentive Bonus	Withhold Pool
Minimum	Rate $\geq$ 60% (Withhold qualifying threshold)	--	Yes
Tier 1	Rate $\geq$ 68% of eligible hypertensive Members	\$75,000	Yes
Tier 2	Rate $\geq$ 76% of eligible hypertensive Members	\$140,000	Yes

Note on Measure Specification: This measure uses a target rate of 68% and a rolling 12-month Measurement Period. These parameters differ from other hypertension control measures that may appear in affiliated or companion agreements, which may specify a 72% target and a fixed calendar-year measurement window.

3.3 Diabetes Composite Measure: A1C Control AND Annual Eye Exam (DM-COMP-01)

Provider Group shall promote comprehensive diabetes management for Attributed Members with a confirmed diagnosis of Type 1 or Type 2 diabetes mellitus (ICD-10: E10-E14 series) who are between the ages of 18 and 75 and who are continuously enrolled for at least ten (10) of the twelve (12) months of the Measurement Period. This measure is a **composite** measure requiring simultaneous attainment of both of the following sub-components during the Measurement Period:

Sub-Component A -- Glycemic Control (A1C $<$ 8.0%): The eligible Member must have at least one documented hemoglobin A1C laboratory result during the Measurement Period, and the most recent such result is expected to remain under 8.0%,

consistent with ADA clinical practice guidelines for non-elderly adults. A1C results drawn outside the Plan's contracted laboratory network are eligible provided that results are transmitted to the Plan's data warehouse via electronic lab interface or manual attestation no later than February 28, 2027.

Sub-Component B -- Annual Diabetic Eye Exam: The eligible Member must have at least one retinal or dilated eye examination performed by a qualified ophthalmologist or optometrist and documented in the claims record or the Member's electronic health record during the Measurement Period. Teleretinal imaging conducted at the Plan's designated remote imaging sites qualifies as an equivalent service for purposes of this sub-component.

A Member is counted as a numerator success only if **both** Sub-Component A and Sub-Component B criteria are satisfied. Partial credit (i.e., attainment of only one sub-component) does not contribute to the numerator for this composite measure.

Threshold	Description	Incentive Bonus	Withhold Pool
Minimum	Composite rate $\geq$ 55% (Withhold qualifying threshold)	--	Yes
Target	Composite rate $\geq$ 65%	\$90,000	Yes
Stretch	Composite rate $\geq$ 75%	\$165,000	Yes

3.4 Depression Screening and Follow-Up (DEP-SCR-01)

Provider Group shall administer a validated depression screening instrument (PHQ-2 or PHQ-9, at Provider Group's clinical discretion) to all eligible Attributed Members ages 12 and older during the Measurement Period. For Members who screen positive (PHQ-2 score $\geq$ 3 or PHQ-9 score $\geq$ 10), Provider Group shall document evidence of follow-up action within thirty (30) days, including but not limited to: referral to behavioral health services, initiation of pharmacotherapy, brief counseling, or a documented clinical rationale for watchful waiting.

Performance Target: The depression screening completion rate is expected to remain under no fewer than the Plan's statewide benchmark, which for the 2026 Performance Year is set at 72%. Provider Group acknowledges this target as a quality priority. **No financial incentive or bonus is attached to this measure in the current Performance Year.** This measure is included for monitoring and reporting purposes only, and may be assigned financial weight in subsequent performance years upon mutual written agreement of the parties. This measure is **not** included in the Quality Withhold Pool.

3.5 Controlling High Blood Pressure -- HEDIS CBP (CBP-REF-01)

Provider Group's performance on the Controlling High Blood Pressure measure shall be assessed in accordance with, and only in accordance with, the HEDIS CBP technical specifications, version 2025, as published by the National Committee for Quality Assurance (NCQA) (available at www.ncqa.org). Measure numerator, denominator, exclusions, eligible population, and administrative and hybrid data collection methodologies are as specified therein and are incorporated into this Agreement by reference. No independent or supplemental numerator or denominator definition is provided in this Agreement; in all cases of ambiguity or conflict, the HEDIS 2025 Technical Specifications shall govern.

Threshold	Performance Target	Incentive Bonus	Withhold Pool
Minimum	Performance at or above NCQA 25th percentile national benchmark (per HEDIS CBP 2025 specs)	--	Yes
Target	Performance at or above NCQA 50th percentile national benchmark (per HEDIS CBP 2025 specs)	\$60,000	Yes
Stretch	Performance at or above NCQA 90th percentile national benchmark (per HEDIS CBP 2025 specs)	\$110,000	Yes

3.6 Colorectal Cancer Screening (PREV-COL-01)

Provider Group shall actively promote evidence-based colorectal cancer screening for Attributed Members between the ages of 45 and 75 who are not excluded under applicable USPSTF or NCQA exclusion criteria (e.g., total colectomy, colorectal cancer diagnosis, or limited life expectancy). Acceptable screening modalities include fecal occult blood test (annual), fecal immunochemical test (annual), stool DNA test (every one to three years as clinically indicated), flexible sigmoidoscopy (every five

years), CT colonography (every five years), or colonoscopy (every ten years), consistent with current USPSTF Grade A/B recommendations.

Performance Target: Provider Group's colorectal cancer screening rate must not exceed a gap rate of 40% (i.e., at least 60% of eligible Members must have a documented, up-to-date screening on record as of the end of the Measurement Period). **No separate Tiered Incentive Bonus is associated with this measure.** This measure is included in the Quality Withhold Pool; attainment of the 60% screening rate minimum constitutes satisfaction of the Withhold qualifying threshold for this measure.

3.7 Medication Reconciliation Post-Discharge (MED-REC-01)

Notwithstanding any provision to the contrary elsewhere in this Agreement, and subject to the limitations and conditions set forth in this Section 3.7 regarding the applicability of transitional care standards, which standards the parties acknowledge are governed by applicable federal and state law as well as the Plan's Utilization Management policies as updated from time to time, Provider Group shall, in connection with its obligations to provide or arrange for post-acute transitional care services to Attributed Members who are discharged from an acute inpatient hospital stay of at least one (1) midnight and who are not subsequently admitted to a skilled nursing facility within seventy-two (72) hours of discharge, ensure that a complete and reconciled medication list -- incorporating all prescriptions, over-the-counter medications, and supplements documented at the time of discharge -- is reviewed with the Member or the Member's authorized representative and transmitted to the Member's primary care provider of record, which reconciliation must be completed within thirty (30) days of the discharge date in no fewer than seventy percent (70%) of qualifying discharges occurring during the Performance Year.

For the avoidance of doubt, the performance target for this measure is **70% of qualifying discharges** within the thirty (30)-day post-discharge window. The denominator shall be all acute inpatient discharges of Attributed Members meeting the eligibility criteria above. Qualifying discharges shall be identified using the Plan's inpatient claims data with a 60-day run-out period.

Threshold	Performance Target	Incentive Bonus	Withhold Pool
Minimum	70% of qualifying discharges reconciled within 30 days	--	Yes
Target	80% of qualifying discharges reconciled within 30 days	\$55,000	Yes

3.8 Statin Therapy for Patients with Cardiovascular Conditions (STATIN-CV-01)

Provider Group shall ensure that Attributed Members with atherosclerotic cardiovascular disease (ASCVD) -- defined as a documented diagnosis of coronary artery disease (CAD), acute myocardial infarction (AMI), ischemic stroke, or peripheral arterial disease (PAD) in the 36 months prior to the Measurement Period -- who are between the ages of 21 and 75 and who have no documented statin contraindication or adverse effect, receive and maintain a statin medication prescription during the Measurement Period.

Performance Target: 80% of eligible Members with an active statin prescription on record. **No financial incentive weight is assigned to this measure in the current Performance Year. This measure is not part of the Quality Withhold Pool.** Performance data will be collected and reported to Provider Group on a quarterly basis for quality improvement purposes. The parties agree to negotiate financial weighting for this measure in future agreement terms.

ARTICLE 4 -- PAYMENT TERMS AND RECONCILIATION

4.1 Base Payment Schedule. The Plan shall reimburse Provider Group for covered services rendered to Attributed Members in accordance with the fee schedule set forth in Exhibit A, subject to the Quality Withhold deduction described in Article 2. Base Payments shall be processed within thirty (30) days of claim adjudication, net of the 8% Quality Withhold Amount.

4.2 Annual Reconciliation. Within one hundred twenty (120) days following the close of the Performance Year, the Plan shall complete a final performance reconciliation using adjudicated claims data. The Plan shall deliver a written Performance Report to Provider Group no later than May 1, 2027. Tiered Incentive Bonus payments, if applicable, shall be remitted within thirty (30) days of the Performance Report delivery date. Quality Withhold return payments, if applicable, shall be remitted on the same schedule.

4.3 Dispute Resolution. Provider Group may dispute any performance calculation by submitting written notice to the Plan's Value-Based Contract Administration team within sixty (60) days of receiving the Performance Report. Disputes shall be resolved pursuant to the procedures set forth in Article 8.

ARTICLE 5 -- DATA, REPORTING, AND AUDIT

5.1 Data Sharing. The Plan shall provide Provider Group with monthly performance dashboards no later than the 20th day of the following month, reflecting preliminary (non-final) performance data for all measures listed in Article 3. Data shall be transmitted via the Plan's secure provider portal.

5.2 Audit Rights. Each party shall retain records relevant to this Agreement for a period of seven (7) years following the end of the Performance Year. The Plan reserves the right to audit Provider Group's clinical and administrative records to verify performance data upon thirty (30) days' written notice. Provider Group shall cooperate fully with all such audits.

5.3 Attribution Methodology. Member attribution to Provider Group shall be performed using the Plan's prospective plurality primary care visit attribution model. Attribution lists shall be finalized as of January 1, 2026, with quarterly updates on April 1, July 1, and October 1, 2026. Changes to the attributed panel after the initial attribution date shall be reflected in the final reconciliation calculations.

ARTICLE 6 -- GENERAL PROVISIONS

- 6.1 Term and Termination.** This Agreement shall commence January 1, 2026 and continue through December 31, 2026, unless earlier terminated. Either party may terminate this Agreement upon ninety (90) days' prior written notice. The Plan may terminate immediately upon written notice for cause, including material breach, fraud, or loss of required licensure.
- 6.2 Amendment.** This Agreement may be amended only by a written instrument signed by authorized representatives of both parties. Electronic signature shall be deemed a valid signature for purposes of this Section.
- 6.3 Governing Law.** This Agreement shall be governed by and construed in accordance with the laws of the State of Connecticut, without regard to conflicts of law principles.
- 6.4 Entire Agreement.** This Agreement, together with all Exhibits and Schedules incorporated herein, constitutes the entire agreement between the parties with respect to the subject matter hereof and supersedes all prior negotiations, representations, warranties, and agreements.
- 6.5 Confidentiality.** Each party shall maintain the confidentiality of all proprietary or non-public information exchanged pursuant to this Agreement, including financial terms, performance data, and member-level data, subject to applicable law and regulatory requirements.
- 6.6 HIPAA Compliance.** The parties shall comply with all applicable requirements of the Health Insurance Portability and Accountability Act of 1996 (HIPAA), as amended, and the regulations promulgated thereunder. The Business Associate Agreement attached hereto as Exhibit B is incorporated herein by reference.
- 6.7 Severability.** If any provision of this Agreement is held invalid or unenforceable, the remaining provisions shall continue in full force and effect.
- 6.8 Notices.** All notices required under this Agreement shall be in writing and delivered by overnight courier or certified mail, return receipt requested, to the addresses set forth in the preamble, or to such other address as either party designates in writing.

ARTICLE 7 -- EXHIBITS AND SCHEDULES

The following Exhibits are incorporated by reference and made a part of this Agreement:

Exhibit	Title
Exhibit A	Fee Schedule -- Meridian Health Plan Standard Provider Rates (2026)
Exhibit B	Business Associate Agreement
Exhibit C	Attribution Methodology -- Prospective Plurality Model (Version 4.1)
Exhibit D	Quality Measure Technical Appendix (Supplemental Specifications)
Exhibit E	Provider Group Credentialing and Participation Requirements

ARTICLE 8 -- DISPUTE RESOLUTION

- 8.1 Informal Resolution.** The parties shall attempt to resolve any dispute arising under this Agreement through good-faith negotiations between senior representatives within thirty (30) days of written notice of the dispute.
- 8.2 Mediation.** If informal resolution fails, the parties shall submit the dispute to non-binding mediation administered by a mutually agreed mediator in Hartford, Connecticut. Costs of mediation shall be shared equally.
- 8.3 Arbitration.** If mediation fails to resolve the dispute within sixty (60) days, either party may initiate binding arbitration pursuant to the Commercial Arbitration Rules of the American Arbitration Association. The arbitration shall take place in Hartford, Connecticut.
